Nurse Call Systems

Why ZKR Nurse Call Systems?

ZKR brand intelligent healthcare solutions take advantage of recent advances in the latest technology to enhance patient-staff communication and improve staff efficiency, leading to quality patient care

**"Our systems adapt to changing ward environments.
We evolve with you."**

ZKR was founded with the aim of bringing the wider world of institutional electronics and software into modernity at reasonable prices, from communications and information management to energy monitoring.

We believe that the quicker the world's institutions can adopt the latest advances in technology, the better and more equal human quality of life can be across the globe.
